WordPress Developer

Description

We are looking for a skilled and detail-oriented WordPress Developer with strong hands-on experience in Elementor and Elementor Theme Builder. The ideal candidate should be capable of building fully custom, responsive, and high-performance WordPress websites using Elementor's advanced features.

Responsibilities

- Develop, customize, and maintain WordPress websites using Elementor and Elementor Pro.
- Build custom headers, footers, archive pages, single post templates, and dynamic layouts using Elementor Theme Builder.
- Convert Figma/PSD/XD designs into pixel-perfect WordPress websites.
- Create and manage custom post types, dynamic content, and advanced custom fields (ACF).
- Optimize websites for speed, performance, SEO, and mobile responsiveness.
- Troubleshoot and fix bugs, plugin conflicts, and layout issues.
- Ensure cross-browser compatibility and responsive design across all devices.
- Integrate third-party APIs, forms, payment gateways, and marketing tools when required.
- Follow best coding practices and maintain clean, scalable code.

Qualifications

- Proven experience as a WordPress Developer (minimum 2-3 years preferred).
- Strong hands-on experience with Elementor Pro and Theme Builder (mandatory).
- Good understanding of WordPress core, themes, plugins, hooks, and template hierarchy.
- Proficiency in HTML5, CSS3, JavaScript, and basic PHP.
- Experience with ACF, custom post types, and dynamic content creation.
- Knowledge of website optimization and performance tools (GTmetrix, PageSpeed, etc.).
- Familiarity with WooCommerce customization (preferred).
- Basic knowledge of SEO best practices.
- Ability to work independently and meet deadlines.

Nice to Have

- Experience with custom theme development.
- Familiarity with Git/version control.
- Experience with multilingual websites (WPML/Polylang).
- Understanding of security best practices.
